

Student Council Sustainability Officer Initiative

What is Sustainability?

Sustainability is the pursuit of a healthy environment, economic prosperity, and social justice to ensure the well-being of present and future generations

What is the purpose of this initiative?

This Initiative allows us to help educate the student body in sustainability literacy, as well as the ability to enhance your campus by incorporating engaging projects and greening events. This is an award-winning event that helps challenge students to think of innovative and creative ways to better their environment

What is a Sustainability Officer's role?

Sustainability Officers serve as the connection between the student body, student council, and sustainability practices. They'll collectively attend monthly meetings, work with communities, promote sustainable practices, and help their school take part in the Yearly Sustainability Challenge!

Uriel A. Gutierrez
Bioscience Class of 2023
PXU Lead Sustainability Officer 2022-2023
